---

## Professional Summary

---

Motivated and detail-oriented **Computer Science undergraduate** with hands-on experience in **front-end development, responsive UI design, API integration, and software testing**. Proficient in **React.js, TailwindCSS, modern JavaScript, and testing methodologies**, with proven ability to deliver scalable, well-tested, and performance-optimized web applications. Strong problem-solving, adaptability, and collaboration skills. Eager to contribute to innovative projects and grow expertise in **full-stack development**.

## Education

---

**Shri RamSwaroop Memorial University**, Lucknow, UP 2021 – 2025  
B.Tech in Computer Science

**Thakur Vidya Mandir Jr. College**, Nallasopara 2019 – 2021  
Intermediate (Science)

**Om Children Academy High School**, Nallasopara 2019  
High School

## Technical Skills

---

- **Languages:** HTML5, CSS3, JavaScript (ES6)
- **Libraries:** React.js
- **Frameworks:** TailwindCSS
- **Developer Tools:** Git, GitHub, VS Code

## Experience

---

**Front-End Developer Intern** Jan 2023 – Jun 2023  
Venture Consultancy Services, Lucknow

- Designed and developed **responsive, user-friendly web interfaces** using React.js and TailwindCSS.
- Built scalable UI components with **React Hooks** (useState, useEffect, useContext).
- Integrated APIs with **Axios/Fetch**, enabling dynamic content rendering.
- Optimized application performance and improved usability through modern UI/UX practices.
- Collaborated with cross-functional teams to deliver features within agile sprints.

## Projects

---

**Online Hair Salon Booking System** (React.js, TailwindCSS, JavaScript ES6, API Integration)  
Link: GroomYourself

- Developed a secure **authentication system** (signup/login) with personalized dashboards.
- Integrated **appointment booking and scheduling** with real-time slot management.
- Implemented **booking tracking** with live status updates and notifications.

## Key Strengths

---

- Strong foundation in **software development lifecycle (SDLC)** and agile methodology.
- Ability to design, build, and deploy **scalable, maintainable, and optimized applications**.
- Quick learner with strong adaptability to new technologies and frameworks.
- Excellent communication and problem solving skills for effective teamwork.

## Additional Information

---

- Languages: English, Hindi
- Availability: Immediate
- Interests: Front-End Development
